“What does your front door say about you?”

Solidor®
Leading the way in secure
composite doors

Introduction

The Solidor Collection is an outstanding range of industry leading, solid timber core composite doors. Each Solidor exceeds building regulation requirements and combines traditional and contemporary styling with a full range of Secured by Design locking systems, which provides a stunning, high quality and secure entrance to any home.

With a thickness of 48mm, a Solidor door is nearly 10% thicker than most alternatives. Each unique solid timber core is completely encapsulated within a highly durable plastic edge banding and two thermo plastic door skins.

These doors are exclusively available in the widest range of styles and frame colour options, (27 colours available, please see page 9) with the option of a mobility threshold, making it the perfect solution for easy wheel or push chair access. We offer a comprehensive range of matching coloured frames, that are available with either glass, composite side panel or quarter panel to complement the look of any property.

Solidor composite doors are manufactured to the highest standards. We hold BSI Kite mark accreditation BSI ISO 9001 for quality management, BSI EN1279 for insulating glass units.

We are also PAS24 certified, hold CE Marking and Secured by design licences, and are members of the prestigious GGF and Association of Composite Door Manufacturers.

Choosing Solidor®

We understand that knowing your home and family are protected is a major factor when choosing a new door.

You can rest assured that with our door construction, coupled with our unique, reinforced door frame and Secured by Design locking systems, your home will be as safe as can be when you choose Solidor.

A typical foam filled door construction

40mm Foam Filled Centre

performs thermally, but because this is a foam fill it is neither solid, nor secure.

Visible Edge Banding

as a result you will often see a different coloured line running the length of the door.

Gel Coated GRP Outer Skin

may offer protection but can be easily cut through. Also, because every door is a white blank that is surface painted they show scratches very easily.

3 Chamber Profile

which use valuable steel or aluminium reinforcements. Also, you should check if they are lead free.

Solidor's unique solid timber construction

44mm Solid Timber Core (48mm including skin) that is thermally efficient and extremely secure.

Hidden Edge Banding

so the front of your door remains a solid, glorious slab of colour.

'Through' Colour ABS Skins made from the same durable plastic as Lego®. Also, because the entire skin is made of a solid colour, any scratches are practically hidden.

Lead Free, 5 Chamber Profile which uses 100% recycled reinforcing. Generally, the more chambers that a profile uses, the stronger and more thermally efficient they are.

Wood Grain Effect Skin that gives all of the aesthetics of timber, but without the time consuming maintenance.

Reasons to feel Safe & Secure

You can rest assured that with our door construction, coupled with our unique, reinforced door frame and Secured by Design locking systems, your property will be as safe as can be when you choose Solidor.

48mm Solid Timber Core

At Solidor, security and safety are amongst our highest priorities. Sadly a property is burgled in the UK every minute, but our 48mm* thick solid timber core gives you the strongest and most secure option available in a residential door.

*44mm Solid Timber Core (48mm including skin)

Avantis Multi-point Locking

As standard we fit our exclusive Avantis Secured by design locking systems. With larger hooks for added strength.

Different locking systems we offer :

- Avantis multi-point lock
- Standard slam shut auto lock
- Heritage slam shut lock
- Key operated multi
- AV4 Slam shut lock

Ultion Cylinder

As well as offering 20-point drill protection whereby steel pins are positioned precisely to ensure your cylinder is drill safe, it is also tested by the Master Locksmith Association and achieves the highest kitemark star rating available.

The Ultion cylinder prides itself upon 3 star plus protection. With 85% of break ins occurring through lock snapping, the Ultion hidden attack lock means it can detect an attack and automatically activate lockdown mode.

ABS Cylinder

The new ABS Master lock provides the reassurance you need where home security is concerned. Featuring patent protected snap secure technology, the ABS Master cylinder recognises when an attack is taking place, and the break secure technology creates a barrier to access. However the locks integrity is maintained and can still be operated from the inside.

When it's you entering your home however, with no jagged edges the key glide and operation is second to none and promises comfortable operation and fault free security.

Lock Options

The Largest Deadbolt in the UK!

On lever handle doors we fit our Avantis Secured by Design lock. This has the industry's largest 25.4mm deadbolt for added security.

It also has built in compression and dampeners to give the smoothest operation on the market.

Automatic AV2 Mech Lock

Experience enhanced security with our AV2 mechanical lock—it slam-secures automatically as your door gently closes.

Opt for AV2-E for an electronic touch, featuring a 12v motor that smoothly retracts hooks and latch. Power it effortlessly with your chosen door entry system (sourced separately)

Automatic AV4 Autolock

Automatic AV4 Autolock is the cutting-Winkhaus AV4, the latest in automatic multipoint locking systems. Your door locks automatically when closed – no lifting handles or using keys required. Enjoy the flexibility of an optional daytime latch for easy entry without a key. The magnetic release feature safeguards your door frame and minimizes noise during operation.

Experience 40% lower operating forces, ensuring effortless unlocking with a key or thumbturn. Opt for the Winkhaus AV4 for superior convenience and a smarter, user-friendly locking solution.

Avocet £2000 Guarantee

You can be sure your Solidor is secure when fitted with the Avocet ABS Cylinder. If an intruder gains access to your home through snapping the Avocet cylinder lock, Avocet will pay you £2000.

Lock Positioning

Standard Slam Shut Auto lock

The Slam Shut lock is an automatic multi-point locking system. It features two self-locking hooks to provide additional security and two sealing elements ensure correct closure.

Heritage Slam Shut Lock

The aesthetics of a traditional rim latch, but incorporates the latest high security slam shut technology. The lock automatically engages as the door closes.

Key Operated Multi-Point Lock

Customers who do not want handles can upgrade to our key operated multi-point lock.

Supreme Security Accreditations

Sweet Hardware

Performs even better than it looks

A Sweet combination of style and security

Adding the finishing touches to your brand new door can make all the difference. Although, looks aren't everything. Your door's hardware should be every bit as reliable as the door itself.

All products in our Sweet hardware range come with a 20-year anti-corrosion guarantee for your added peace of mind. Plus, we only supply the 2-star lever handle – the highest possible Kitemark accreditation – with the 3-star encased Ultion cylinder, making this 5-star rated combination the most secure on the market.

Don't just take our word for it, with sold secure accreditation and a £5000 guarantee*, your home is in safe hands.

All available in a range of finishes: chrome, satin, gold, white, and black

Ultion NUKI PLUS smart handle

Enter the world of the smart home. With Nuki, you always have the peace of mind of knowing your door is under your control – anytime, anywhere. Full control and security for your home.

Easily integrate Nuki into the most common smart home systems. Nuki supports Apple HomeKit and can be controlled via Amazon Alexa, Google Home and other smart assistants.

THE Italia Collection

The Italia collection from Solidor is a new generation of truly contemporary designs which will add a touch of style to your home. Carefully designed and crafted from the finest materials, every door in the Italia collection has a definite style inspired by the Italian passion for design.

Each door is handmade in Staffordshire, ensuring the finished product is of an outstanding quality and made as individual as can be. Choose from a range of glass styles and door furniture which have been carefully chosen with the latest fashion and designs in mind. All of the doors in the Italia Collection are also available with Warwick Glass - hand made so no two pieces are ever the same.

Milano

Palermo

Inspired by the greats of Italian design. The Milano is a luxurious addition to the Italia collection, offering a sophisticated, contemporary feel to any property.

The textured grain, linear design and off-set modernist glazing style, paired with contemporary accessories elevates the Milano as a door style which encompasses quality and aesthetic appeal.

Pilkington Texture Glass Warwick™

This design is unique amongst our patterns because it is produced using a different manufacturing method. Pilkington Texture Glass Warwick™ is a random pattern that is added along the central portion of the pane and this has implications when cutting the glass down into finished sizes. It is possible, if a pane is small enough, it could be cut with no evidence of the pattern at all.

None of the Pilkington patterns are designed to have an orientation (an up side) but care needs to be taken with adjacent panes that the pattern direction is maintained. There is a linear nature to Pilkington Texture Glass Warwick™ and so householders should be aware that there could be aesthetic implications when choosing this design. Also, for the glass supplier the result may be that this pattern is less accommodating when cutting and may result in a greater proportion of seldge from the original glass plate.

Ludlow

The Ludlow is Solidor's most popular style of composite door.

It's perfectly suited to both rich colours such as red and traditional woodgrain effects such as rosewood. The two glazed panels can help shape the visual appearance of the overall door with options ranging from the traditional diamond to the more contemporary abstract. There's also the option of a solid door, which looks great in Irish Oak.

Conway

The Conway is a highly versatile composite door solution.

This door can be designed as a completely solid door, or with just the top fanlight glazed or even with a fully glazed design to take account of the vast array of glass options. The square or quad glass options can be manufactured in grey, black and red colours for added elegance. Our advice is to also choose a bold door knocker for this design!

Beeston

The Beeston makes a fantastic composite stable door.

Given the size of the glazed area, it's possible to create something particularly individual when combined with one of the major colours, or you can even specify an integral blind. Like all the doors in the Solidor range, there's the option of chrome, brushed, gold, black chrome, black and white door furniture. So go on, be bold in your design!

The Flint Collection

Doors from the Flint Cottage Range are the perfect fit for British cottages.

It's fast becoming the number one choice for homeowners with cottages, farmhouses or for those looking for a side door option, thanks to its vertical panelled appearance. We have also added a contemporary twist to the design with the introduction of single or triple diamond shaped glass features to broaden its appearance. It's also proving a great option as a stable door.

IDEA

Use wall spaces to display an alternative classic letterbox, in a style to complement your door.

TIP: Make a statement and frame the doorway with a walled path for a truly grand entrance!

Classic

British design

Ludlow

With a truly natural looking woodgrain effect, our classic British door designs are *timeless*.

Achieve an authentic Victorian look with the Ludlow, fast becoming **Britain's most popular door**.

With simple clean lines, the Ludlow has the power to create either a modern or a traditional entrance for your home. Available as a solid door for added privacy, or with two glazed panels, the Ludlow combines classic Victorian design with modern materials. Either option will create a polished and sophisticated entry.

▼ Lighten it up

Open up your front entry with glazed panels on both sides of your door. They will flood your hallway with light, make your entry seem larger, and enhance your home's architectural style.

◀ All in the detail

Our elegantly shaped handles and accessories in sleek chrome suit this Ludlow perfectly.

Visit www.solidor.co.uk/accessories to view our range of hardware

▲ Back to basics

Keep it simple by adding ornate planters either side of the door or a hard wearing welcome mat - enough to complete the subtle look in smaller spaces.

Which Colour?

Choose Schwarzbraun with stained glass and traditional door furniture to retain the door's original Victorian charm, or give it a contemporary edge by opting for French Grey with polished chrome accessories.

Choose your colour from our new and updated range on page 8 >>
